

To Whom It May Concern

I wish to express my extreme satisfaction with the services of Mina Mar Group, their staff and Miro Zecevic.

Not only did Mina Mar help finance my venture with essential seed capital, in doing so he advanced us all the fees and expenses so we did not face any out of pocket expenses in the venture. The terms were reasonable and Mina Mar acted very rapidly to service us.

We appreciate the professional and ethical conduct of the firm and its principals and we look forward to a long relationship with Mina Mar. I heartily recommend them.

Very truly yours,
